

Overview

The Cultural and Student Affairs Office at the Faculty of Nursing and Midwifery, Tabriz University of Medical Sciences, as a university-affiliated entity, is responsible for creating a dynamic and supportive environment that fosters the cultural, social, and academic development of students.

Vision

Our vision is to promote cultural, social, and academic growth by establishing a constructive and engaging environment where students can discover their potential and play an active and meaningful role in society.

Mission

Our mission is to provide cultural and social services to students, enhance social and participatory activities, and create a platform that supports the growth and flourishing of student talents.

Values

- Respect for social and cultural values-
- Advancement of student learning and awareness-
- Constructive interaction with the community and educational environments-
- Encouragement of creativity and innovation in cultural activities-

Objectives

- Design and implement diverse cultural programs aimed at boosting students' social spirit-
- Provide educational and empowerment opportunities in scientific and cultural fields-
- Establish a suitable platform for experience exchange and collaboration between students and the community
- Foster a culture of participation and social responsibility among students-
