

Why Choose the Faculty of Nursing and Midwifery at Tabriz University of Medical Sciences

Our faculty offers some of the region's most reputable nursing and midwifery programs. Our dedicated students, faculty, and staff passionately work to turn knowledge into meaningful contributions that promote health and well-being both locally and globally.

Tabriz University of Medical Sciences is one of the oldest and largest medical education centers in northwest Iran. The Faculty of Nursing and Midwifery benefits from significant academic prestige and extensive resources.

Key Reasons to Choose Our Faculty History, Academic Reputation, and High Ranking

This university has an outstanding history and strong academic standing, ranking among the top institutions in the country.

The nursing program consistently ranks among the highest tiers in national assessments, reflecting the quality of education provided.

Advanced Educational and Research Facilities

Our well-equipped skill labs provide practical training in nursing and midwifery procedures before students enter clinical environments.

Students have access to a comprehensive central library stocked with the latest Persian and English resources.

Our affiliated large hospitals, such as Imam Reza, Taleghani, and the Children's Hospital, serve as practical training sites offering a broad range of clinical experiences.

Experienced and Distinguished Faculty

Our faculty members bring extensive expertise and hold high academic ranks in various nursing and midwifery specialties. They serve as excellent mentors for our students.

Opportunities for Advanced Studies and Specialization

The faculty accepts graduate students at the master's and doctoral levels in several nursing specialties, including medical-surgical nursing, pediatrics, psychiatry, operating room nursing, and midwifery. This reflects the faculty's academic dynamism and provides a supportive environment for those pursuing further education.

Affordable Living in the Major City of Tabriz

Tabriz, a leading metropolitan city, offers excellent welfare, cultural, and recreational facilities.

Compared to other major cities such as Tehran, the cost of living and housing is more affordable, easing students' daily life and expenses.

The warm hospitality of the people and the rich Azerbaijani culture create a friendly and welcoming atmosphere, especially for non-local students.

Competitive and Dynamic Student Environment

Talented students with strong academic records are attracted to our programs, creating a lively and stimulating academic community that motivates progress and achievement.

Active scientific associations organize seminars, workshops, and various academic activities.

Strategic Location and Employment Opportunities

Tabriz University of Medical Sciences is the medical hub of northwest Iran. After graduation, excellent job opportunities await graduates in reputable hospitals and healthcare centers across East Azerbaijan Province and neighboring regions.

:Summary

For those seeking a prestigious institution with strong educational resources, experienced faculty, and a thriving academic community in a major city with affordable living costs, the Faculty of Nursing and Midwifery at Tabriz University of Medical Sciences represents a smart and excellent choice.
