

Curriculum Vitae

Last update: April.2024

Personal Information

First Name: Elham

Last Name: Rezaei

Title: Assistant Professor

Department: Midwifery

Nationality: Iranian

Date of Birth: 24.Jun.1981

Place of Birth: Karaj, Iran

Address: School of nursing and midwifery, southern shariati street, Tabriz, Iran.

Phone No.: (041)34770648-9

Email: rezai520@yahoo.com; rezaee.e@tbzmed.ac.ir
elhamrezaei520@gmail.com

Researcher IDs

-Publons CV and Web of Science Researcher ID: [ABO-9652-2022](#)

-ORCID ID: [0000-0002-5461-5903](#)

-Scopus Author ID: [56682212000](#)

-Loop profile: 2080627

-Microsoft Academic: Elham Rezaei

Academic Qualifications

1999-2003: Bachelor of Midwifery, Shahid Beheshti University of Medical Sciences, Tehran, Iran.

2009-2012: M.Sc. of Midwifery, **Tehran** University of Medical Sciences, Tehran, Iran.

2016-2019: Ph.D. of Reproductive Health, **Tehran** University of Medical Sciences, Tehran, Iran.

Field of interests (or the major research areas)

- Midwifery (pregnancy and childbirth, newborns)
- Reproductive health and demographics
- Gynecology diseases
- Rheumatology in obstetrics
- Traditional and complementary medicine in obstetrics
- Psychology in obstetrics
- Type of research (clinical trial and mixed methods)

Professional Membership: (Administrative or executive Experience ...)

2004-2005: Employee of maternity department, Shahid Beheshti Hospital, Chalderan, Iran.

2005-2011: **Head of maternity department**, Shahid Beheshti Hospital, Chalderan, Iran.

2012-2013: **Programmatic expert on mother and baby care**, Fajr Hospital, Maku, Iran.

2013-2016: **Instructor, Faculty of Nursing and Midwifery**, Urmia University of Medical Sciences, Urmia, Iran.

2019-2020: **Research expert of nursing care research center**, Faculty of Nursing and Midwifery, Tehran University of Medical Sciences, Tehran, Iran.

2020-2021: **Research expert of reproductive Health Research Center**, Urmia University of Medical Sciences, Urmia, Iran.

2022-now: **Assistant Professor, Faculty of Nursing and Midwifery**, Tabriz University of Medical Sciences, Tabriz, Iran.

2022-now: **Member of the specialized post-graduate education group**, Faculty of Nursing and Midwifery, Tabriz University of Medical Sciences, Tabriz, Iran.

2022-now: **English web site manager of Nursing and Midwifery Faculty**, Tabriz University of Medical Sciences, Tabriz, Iran.

Membership in scientific societies and committees

2016: **Council member of the Student Research Committee** , Faculty of Nursing and Midwifery, Urmia University of Medical Sciences, Urmia, Iran.

2017-now: **Member of Iranian Rheumatology Association**, Tehran University of Medical Sciences, Tehran, Iran.

2022-now: **Member of the research knowledge committee**, Faculty of Nursing and Midwifery, Tabriz University of Medical Sciences, Tabriz, Iran.

Teaching Experience

2013- 2016: **Obstetrics and Gynecology (1, 2, 3)**, Midwifery students, Urmia University of Medical Sciences, Urmia, Iran.

2016-2018: **Obstetrics and Gynecology (1, 2, 3)**, Midwifery students, Tehran University of Medical Sciences, Tehran, Iran.

2013- 2016: **Physiopathology (1, 2, 3)**, Midwifery students, Urmia University of Medical Sciences, Urmia, Iran.

2013- 2016: **Neonatal disease, Neonatal intensive care**, Midwifery students, Urmia University of Medical Sciences, Urmia, Iran.

2013- 2016: **Midwifery principles and techniques**, Midwifery students, Urmia University of Medical Sciences, Urmia, Iran.

2022- Now: **Obstetrics and Gynecology (1, 2, 3), Neonatal disease, Neonatal intensive care, life skills, Epidemiology, Developmental psychology, Specialized language, Counseling in special problems, Reproductive health, Educational models and behavior change in midwifery**, Faculty of Nursing and Midwifery, Tabriz University of Medical Sciences, Tabriz, Iran.

Research Projects

1. The effect of sleep health behavioral education in the quality of life of pregnant women with sleep disorders. **Co-investigator**. 2011. **Tehran** University of Medical Sciences, Tehran, Iran.
2. Investigating the prevalence of depression and factors affecting it in pregnant women with sleep disorders. **Co-investigator**. 2012. **Tehran** University of Medical Sciences, Tehran, Iran.
3. Frequency of dysmenorrhea and factors related to lifestyle in teenage girls of Urmia city. **Manager**. 2015. **Urmia** University of Medical Sciences, Urmia, Iran.
4. Effect of Achilles vermicularis ointment on wound healing after episiotomy in primiparous women: a randomized clinical trial. . **Co-investigator**.2015. **Tehran** University of Medical Sciences, Tehran, Iran.
5. Prevalence of sexual disorders in women with systemic lupus erythematosus and related factors. **Co-investigator**.2016. **Tehran** University of Medical Sciences, Tehran, Iran.
6. Investigating the effect of Benson's relaxation method on stress, anxiety and depression of pregnant women. **Co-investigator**.2016. **Tehran** University of Medical Sciences, Tehran, Iran.
7. Investigating the prevalence of PTSD and its related factors in HIV positive women referred to Imam Khomeini Hospital. **Co-investigator**.2017. **Tehran** University of Medical Sciences, Tehran, Iran.

8. Management of sleep disorders during pregnancy: a systematic review. **Manager.2018. Tehran** University of Medical Sciences, Tehran, Iran.
9. Locating cortical sources of electrical activity and assessing changes in corticothalamic rhythm following cognitive, emotional and sexual changes in different phases of menstrual cycle among women of reproductive age. **Co-investigator. 2018. Tehran** University of Medical Sciences, Tehran, Iran.
10. Investigating the effect of Ramesh X suppositories on sexual dysfunction in women of reproductive age: a randomized clinical trial. **Co-investigator. 2022. Tehran** University of Medical Sciences, Tehran, Iran.
11. Investigating the effect of Ramesh suppositories on non-infectious leucorrhoea in women of reproductive age: a randomized clinical trial. **Co-investigator. 2022. Tehran** University of Medical Sciences, Tehran, Iran.
12. Investigating the prevalence of PTSD and its related factors in women with systemic lupus erythematosus. **Manager.2022. Tabriz** University of Medical Sciences, Tabriz , Iran.
13. Reproductive and sexual health needs assessment in West Azarbaijan province. **Manager. 2022. Urmia** University of Medical Sciences, Urmia, Iran.
14. Confirmatory factor analysis of reproductive and sexual health questionnaire in women with systemic lupus erythematosus. **Co-investigator. 2022. Tehran** University of Medical Sciences, Tehran, Iran.
15. Investigating the effect of maternal emotions and attitudes towards breastfeeding on breastfeeding self-efficacy in mothers with children aged 0 to 2 months covered by comprehensive health centers in Urmia. **Co-investigator. 2022. Urmia** University of Medical Sciences, Urmia, Iran.

16. Investigating the factors delaying women's marriage and demographic consequences (using the multi-criteria decision-making method based on the opinion of experts of West and East Azerbaijan province). **Manager.2022. Tabriz** University of Medical Sciences, Tabriz, Iran.
17. Prevalence and related factors of Post-traumatic stress disorder (PTSD) in Iranian women with Systematic Lupus Erythematosus. **Manager.2022. Tabriz** University of Medical Sciences, Tabriz, Iran.
18. Designing a relationship model of Post-traumatic stress disorder (PTSD) with childbearing in people with Behçet disease: a path analysis model. **Manager.2023. Tabriz** University of Medical Sciences, Tabriz, Iran.
19. Assessment of Midwives' Competence in Perinatal Bereavement Care. **Manager.2023. Tabriz** University of Medical Sciences, Tabriz, Iran.
20. Assessment of clinical skills of midwifery graduate students. **Manager.2024. Tabriz** University of Medical Sciences, Tabriz, Iran.
21. The impact of the Covid-19 epidemic on the birth, death, and fertility rates based on specific age groups in Iran. **Manager.2024. Tabriz** University of Medical Sciences, Tabriz, Iran.

Thesis (Supervisor or Advisor)

1. The effect of health behavior education on the sleep quality of pregnant women (**MSc** dissertation). **Supervisor. 2011. Tehran** University of Medical Sciences, Tehran, Iran.
2. Design and psychometrics of reproductive health instrument in women with systemic lupus erythematosus (**PhD** Thesis). **Supervisor. 2017. Tehran** University of Medical Sciences, Tehran, Iran.

3. Comparing the effect of curcumin tablet and Metronidazole tablet on the bacterial vaginosis treatment (**MSc** dissertation). **Advisor**. 2019. Tehran University of Medical Sciences, Tehran, Iran.
4. Explanation of sexual and Reproductive health status in high risk sexual behaviors Women, Designing and implementing an intervention (**PhD** Thesis). **Advisor**. 2019. Tehran University of Medical Sciences, Tehran, Iran.
5. The effect of education based on health belief model on self-compassion and self - efficacy of premenopausal women (**MSc** dissertation). **Advisor**. 2021. Tehran University of Medical Sciences, Tehran, Iran.
6. The Effect of Dark Chocolate on Depression among Menopause Women: A Randomized Controlled Trial. (**MSc** dissertation). **Supervisor**. 2022. **Tabriz** University of Medical Sciences, Tehran, Iran.
7. The effect of Ocimum Basilicum on prevention of postpartum depression: A Randomized Control Trial (**MSc** dissertation). **Supervisor**. 2022. **Tabriz** University of Medical Sciences, Tehran, Iran.
8. Assessment of reproductive, sexual health, and related factors in women with systemic lupus erythematosus (**MSc** dissertation). **Supervisor**. 2023. **Tabriz** University of Medical Sciences, Tehran, Iran.
9. The Effect of Vitamin D on the Treatment of Anogenital Warts and quality of life related Human Papillomavirus (HPV): A Randomised Controlled Trial. **Supervisor**. 2023. **Tabriz** University of Medical Sciences, Tehran, Iran.
10. The lived experience of parents with children born prematurely. (**PhD** Thesis). **Advisor**. **Tabriz** University, Tehran, Iran.

11. The effect of bereavement counseling on self-compassion of mothers with fetal loss experience (MSc dissertation). **Supervisor**. 2024. **Tabriz** University of Medical Sciences, Tehran, Iran.

Training Course (Participant or speaker)

-Before 2011: passing educational and specialized workshops for **483 hours**, including: skills in information technology concepts, skills in using computers and managing files, obstetric emergencies, resuscitation of newborns, resuscitation of adults, teaching the required jurisprudence and jurisprudence issues, Rubella care program and congenital rubella syndrome, ICDL skills, promotion and development of prayer culture, principles of nutrition and health, the role of parents' education in the development of human capital, life skills, family and the relationships governing it, the philosophy of hijab and its social consequences, healthy relationships between husband and wife, midwifery emergencies, childbirth and high-risk pregnancies, drugs and the consequences of drug use, physiological childbirth, the importance and benefits of breastfeeding, labor and water birth, safe pregnancy, women's cancers, the latest in medical science. , sexual health, airway control, promotion of administrative health and fight against corruption, interpretation of selected verses of the Holy Quran.

-2012-2016: passing educational and specialized workshops for **175 hours**, including: familiarization with the targeting of subsidies, healthy newborn care, midwifery emergencies in pregnancy bleeding, clarification course, self-care guide 1, hospital accreditation, and general addiction prevention. Electrocardiograph interpretation, refereeing and criticizing articles, qualitative research method, sexual health disorders, principles and basics of qualitative studies, Endnote, CTE (Career and Technical Education).

-2017-2021: passing educational and specialized workshops for **314 hours** including: Bill of Rights of Citizens, blood and blood products, interpretation of prayers, healthy newborn care, network and

information security in organizations, lifestyle and infertility, life skills, a step towards prevention Addiction, heavenly house, be happy with the Quran, familiarization workshop with Prism (Graph Pad) software, familiarization with the techniques of recording your experiences to use them in organizational learning, familiarization with the guidelines for the prevention of infection with the Covid-19 virus, familiarization and interpretation of the Quran, how to use personal protective equipment (masks) in a pandemic, safe maternal care, administrative writing and correspondence, natural birth skills training and ethical codes in the midwifery profession, passive defense, the impact of ergonomics on the health of employees, getting to know the characteristics of third generation universities and entrepreneurs, familiarity with the instructions for the Covid-19 vaccines, knowledge management system, familiarity with the engineering regulations and employee job evaluation, women managing information and improving health literacy in the Corona crisis, women managing their mental health and family in the corona crisis, women and life management Healthy in crisis Corona, women and vaccination of Covid-19 disease, women and reproductive health in the corona crisis, what nursing should know (3), professional ethics of the medical team, healthy family relationships, advanced psychometrics.

2022-Now: Passing educational and specialized workshops including: The Association for Medical Education in Europe (AMEE), New lifestyle, Scholarship process, Knowledge translation, E-learning fellowship course, Teaching and learning area, Student evaluation, Ethics and professional commitment.

Honors and awards

- The country's exemplary midwife in 2013
- The province and city's exemplary midwife in 2013

- Appreciation for the clinical training of the students in Nursing and Midwifery School of Tehran University of Medical Sciences, 2013.
- Appreciation for the clinical training of the students in Nursing and Midwifery School of Urmia University of Medical Sciences, 2014.
- Appreciation for holding the midwifery final exam in maternity fields in 2015
- Appreciation letter for the efforts of health defenders during Covid-19 pandemic. 2020
- Appreciation letter for the professor day by dean of Nursing and Midwifery School of Tabriz University of Medical Sciences, 2022.
- Appreciation letter for the midwifery day by dean of Nursing and Midwifery School of Tabriz University of Medical Sciences, 2022, 2023, 2024.
